## Supplemental Technical Regulations for Road America CAT Nationals' Spec MX-5 Challenge Series Event

Mazda Motorsports  
Josh Smith: 904.426.8757 (ET)

For the purposes of hot weather testing **for Road America, Spec MX-5 competitors *may* run without the Mazda Motorsports' oil cooler.** (Mazda Motorsports' Vehicle Technical Specifications document states the cooler must be run. It is optional for this event.)

- Any competitors who choose to run without Mazda Motorsports' oil cooler must identify themselves to Mazda via email to [JSmit295@MazdaUSA.com](mailto:JSmit295@MazdaUSA.com) prior to the running during the first official practice.
- Any competitor who chose to run without the oil cooler must provide AiM data for every session of the race event to [JSmit295@MazdaUSA.com](mailto:JSmit295@MazdaUSA.com) by Wednesday, August 19, 2020.

To help determine another option (collect comparative data), Mazda Motorsports is scheduled to have a prototype oil cooler tested during this event and will share the results.
